12 noon Wednesday for Duncan/Keller

The PCA: A Strategic Plan for Our Future - Tuesday, June 29

Bryan Chapell and Roy Taylor, with other representatives of the Cooperative Ministries Committee (i.e., Coordinators and Past Moderators if the General Assembly), will present a Strategic Plan for the Future of the PCA in accord with the actions of the 2006 General Assembly. The two-hour session will present the major elements of the plan and allow for questions and answers prior to the General Assembly's consideration of the Strategic Plan.

The PCA - A Way Forward: What We Can All Agree On and Why We Should Stay Together - Wednesday, June 30

In this seminar Tim Keller and Ligon Duncan will discuss the origins of some of the historic and present tensions and debates in the PCA, but go on to celebrate the many and major commonalities we share and enjoy, and the potential that God has graciously granted to us as a church family—things we often overlook and under-appreciate. The thrust will be informing and encouraging our brothers and sisters (1) to rejoice and treasure what we commonly embrace, (2) to suggest ways we can walk together in areas where there is less unanimity, (3) to chart ways forward for the future.

It is not necessary to purchase a boxed dinner in order to attend the evening seminars.
