Senior Pastor Candidate Profile

Christ The King Presbyterian Church, PCA is located within a formerly industrial and now rapidly growing suburban crossroads just northwest of Philadelphia, Pennsylvania. The surrounding community maintains a small town feel while also displaying considerable social and ethnic diversity. Our church was planted by Tenth Presbyterian Church nine years ago and has grown to approximately 100 members.

We seek to be and make faithful disciples of Jesus Christ. To this end, we strongly believe that genuine relationships are the only context in which significant lasting spiritual growth can occur. For this reason, we feel church can never be simply a place we go on Sunday to engage in some religious activities in the presence of others. Instead, we strive to be a genuine community united under the lordship of Jesus Christ. We do not hold, however, that the church exists for itself. Our purpose therefore is to have our lives together be a visible demonstration to the surrounding community of the gospel we proclaim.
