

Wanted: Church planter for mission church, Faith Presbyterian, PCA. We have been meeting for nearly a year (4 months at our current location) in a mall in Grand Forks, ND, (population 50,000) which is by far the largest city in the area for many miles. Agriculture, manufacturing, a major medical facility, a university and nearby Air Force Base dominate the economy.

Faith Presbyterian Church was formed in Warren, MN (30 miles from Grand Forks) as a result of a church split. God provided wonderful Reformed teaching through TE Mike Rico for 12 years. When Mike left, so did nearly all of the small congregation. On the advice of the Siouxlands Presbytery, we relocated in Grand Forks. We are a mission church now, with a small loyal core group and consistently have visitors. We do not know exactly what God has for us, but we do know that He has been and will continue to be faithful to provide all that we need spiritually for our sanctification.

We are hungry for solid Reformed teaching and to share the gospel of Jesus Christ. Currently we meet Sunday mornings for worship and have Sunday school October - May. The women gather once/week to pray and we have two outreach Bible studies. We are looking for a man who will lead us in worship and join with us to minister to one another and advance the kingdom of Christ.
