

# ODCC POSITION ANNOUNCEMENT

For

## SENIOR PASTOR

Open Door Community Church (ODCC) is affiliated with the Presbyterian Church in America (PCA) and adheres to its stance on the Word of God and Reformed Witness for Christ. ODCC is currently seeking candidates for the full-time position of Senior Pastor.

In 1991, God, through Rev. Dwight Linton, planted ODCC as a body to worship and serve Him with full commitment to the biblical faith. ODCC was also to serve the English speaking Asian community, especially second generation Asian Americans in the Atlanta area. In 1996, by God's providence, ODCC became organized with a Session and Board of Deacons. Since its inception, this local church has grown to become a vibrant congregation, attracting young professionals and families in the community. The congregation of ODCC remains predominantly Asian-American while wholeheartedly welcoming people of all cultures and races who seek to know God and desire a personal relationship with Him.

As mentioned above, ODCC is located in Atlanta, which is the financial, cultural, educational, and transportation hub of the Southeast. Approximately 4.1 million people call the greater Atlanta metro area home. Currently, there are about 300,000 Asian Americans living in Atlanta. There are also several well-known universities in the area. Combining these features with northern GA's climate, Atlanta is a wonderful place to live.

We believe the Lord has planted ODCC for the purpose of glorifying Himself and meeting the needs of our community. Therefore, knowing that Christ will build His church (Matthew 16:18), we entrust all of ODCC to His able hands and good will. During this season of transition and seeking a senior pastor, we cling to and fix our gaze upon our Triune God as He brings forth His faithful servant to shepherd His flock at ODCC.

We would be very glad to converse with you on matters pertaining to this Senior Pastor position. Please contact:
