Job Description (information limited to box size)

Christ Presbyterian Church (CPC) is prayerfully searching for a Senior Pastor to lead an established church body toward deeper and more fruitful relationships with Christ, within the church body and the greater community.

We are seeking a man with strong expositional preaching skills to draw our congregation into a deeper love for Christ, a desire to invest in an ongoing personal relationship between his family and our church family, the leadership abilities and vision to grow us in our ministries and outreach, and a heart for discipling the church ' s staff and leadership.

Pastoral duties include preaching at worship services, administering the sacraments, working with the Session and Diaconate, supervising the spiritual and ministerial development of the staff, providing pastoral care for the congregation, and partnering with lay leadership to direct church ministries toward our goals - reaching, discipling, and serving others.
