

Grace Evangelical Presbyterian Church Senior Pastor

Grace Evangelical Presbyterian Church is seeking a full-time senior pastor. We are a 128 member PCA church located in Davidsonville, Maryland which is half-way between Baltimore and Washington DC. We have a strong foundation of committed believers who stand ready to work alongside the new senior pastor whom God calls.

We are seeking a senior pastor who possesses strong leadership skills that will provide our church the vision for the future to grow in size and impact as God leads. He will recruit, train, mentor and lead staff and other leaders. He will serve as the head of worship and oversee a vibrant, engaging blended music ministry. His gifts will include an ability to preach and teach in a dynamic and inspiring manner that enables listeners to hear the gospel message and be open to God's calling for transformed lives. Above all else, he will love God and his word and demonstrate that love for God's people and our community. He will have a keen ability to recognize the church's needs and prioritize them for the health of the church. He will also possess experience in effectively fostering growth through a variety of targeted ministries (e.g., small groups, women's, men's, youth, young adults, etc.). As we welcome new attendees to our church, he will help us develop creative ways to attract and enfold them as a part of the flock. He will be discerning about his own strengths and weaknesses and will understand himself well enough to identify ways to complement his weaknesses and capitalize on his strengths.

The qualified applicant will:

- hold a Master of Divinity or higher
- be ordained in the PCA church or able to be ordained
- Have pastoral experience in a mid-sized church or experience in growing a small church
- Model a 1 Timothy 3 life
- If married, has a family supportive of his call

Please send resumes to :
