Established in 1973, Grace Presbyterian Church is small rural PCA church in Madison, Florida, located in North Florida 60 miles east of Tallahassee, Florida, and 30 miles south of Valdosta, Georgia. Although we have a small, older congregation, we believe that we can relate the Word of God in a way that will expand both our ministry and our membership to create a meaningful presence both within our local community and through our missions programs. Currently, we are seeking a solo pastor who can lead us forward so that together we can revitalize both our church and our community for God. Although this goal faces many challenges, we believe we can accomplish it through the active participation of the pastor and congregation to create opportunities to minister to members and nonmembers.
