

## Director of Youth and Young Adults

Christ Central Church in Charlotte North Carolina would like to announce that we have formed a committee to head up finding a Director of Youth and Young Adults. This position will require many different skills and unique challenges, while at the same time being a fantastic opportunity to be responsible for pouring into and discipling our young people from 6<sup>th</sup> grade all the way to our 24/25 aged young adults.

We are looking for someone who feels a genuine calling by God to this position. As we look at our young people, we see a group that is more diverse than our congregation. They are diverse in ethnicity, social economics, where they live and what their interests. While this may seem like a tough challenge, we look at it as a special opportunity to speak into the culture with the Gospel of our King and be able to disciple our young people with all that is coming at them at school and on social media.

In closing, we are asking if you or someone you know feel they are a good fit for this position, submit your resume via email to [dcrawford@christcentralchurch.com](mailto:dcrawford@christcentralchurch.com).

Thank you,

Derrick Crawford  
Executive Pastor
