Submit materials to the Pastoral Search Committee at employment@lifecreekchurch.com

WHO WE ARE:

Life Creek Church of Milwaukee is an independent, non-denominational church. Our beliefs are evangelical and most align in doctrine and practice with the Presbyterian Church in America. For Sunday service, we average 30 regular attendees. While the majority are Korean-American, the demographic has been changing to reflect a more ethnically diverse body. The church is located in the City of Oak Creek, which is about ten minutes from the main airport and twenty minutes south of downtown Milwaukee. We are primarily a commuter church with the majority of the members coming from outside of Oak Creek. However, over the past few years the Oak Creek population has been steadily growing, and we have seen a number of people from the area visit our church.
