- Preach Sunday evenings. We hold a worship service once a month and he can expect to preach this service often.

While the assistant pastor will be working closely with the senior pastor, he will have an area of emphasis. It is commonly described as *youth and family* with specific attention to Jr. & Sr. High. RG believes strongly in a covenantal atmosphere among elders, deacons, staff, and layman. So he will not be "running" all these ministries, but instead providing servant leadership that encourages covenantal discipleship. We at RG desire to foster an environment of teamwork and gospel camaraderie among the leadership and the people of God. RG is an ordinary means of grace church that trusts that it is the Lord who will build his church.
