

Cornerstone Presbyterian Church – Lutz, Florida is looking for a part-time music director to lead worship for our Sunday morning services. We are currently a church that would like to transition from services where we sing organ-lead hymns toward a more contemporary feel that still honors the past. The position requires an instrumentalist (guitar, piano or other) who feels comfortable leading a congregation in singing together to God. Initially would require about 3-4 hours a week, though we would hope the role could grow and help us develop a rich music ministry with a lot of vitality. If interested, please get in touch with Pastor Sam Lago - pastor@cpclutz.org. To get a sense of our emphasis and values, we would recommend you look through our website www.cpclutz.org and YouTube channel (link on our website).
