

Job Title: Student Ministries Summer Intern

Reports to: Director of Student Ministry

Hours: 40+ hrs/week

Dates: May 23 – Aug. 1

What is a Summer intern?

Do you desire to serve the church, work through your call to ministry, or have a fantastic summer shepherding middle and high school students? If so, then look no further!

The student ministry summer internship is designed to help college students discern their call to ministry and serve the local church. Interns will have the opportunity to develop and grow the gifts of teaching, administration, discipleship, and others essential to ministry. This will specifically look like regular teaching, planning youth events, and contact work.

Interns will plan a local mission week for middle school students, participate with our high school students in a mission trip to St. Louis, Missouri, and more!

Each intern will receive a stipend, ministry budget, and free housing (should they need it). The internship is a full-time commitment; having an additional job or taking summer classes will not be possible.
