

# RUF Campus Minister

Chile, Santiago, Longer, Americas - South

## OPPORTUNITY DETAILS

MTW is looking for someone to serve as an RUF Campus Minister in Santiago. This person would begin a new work in coordination with a local Presbyterian and Reformed church network to reach students for Christ on university campuses and equip them to become future church leaders. The Chilean church has a significant need for young, enthusiastic, thoughtful leaders who can understand younger generations and who are willing to engage with the

surrounding culture. And on college campuses in Chile, young people are wrestling with life's big questions, and are often open to considering that the answers may be found in Jesus.

If you have the ability to connect with students and a heart for discipling them, get in touch with us about this timely opportunity to help grow His Church in Chile.
