Because discipleship begins with conversion, the Discipleship Pastor will serve CLC in implementing all the necessary aspects of a fruitful path to maturity, that includes welcoming skeptics, exploration of Christ's claims, conversion, and first steps to growth and discipleship and living on mission.

The Adult Discipleship Pastor must be a leader who understands relevant discipleship can only be fostered where grace makes the church a safe place for people to be honest about the messiness of life. A culture of grace is relevant for each step in discipleship, from being a safe space where the curious can ask questions, to each step along the way to becoming disciple-making disciples. Sometimes that grace is the very means by which a church member comes to realize that they have never been much interested in discipleship, and repentance births an exciting new beginning.

This full-time staff position is a priority ministry leadership role for the fulfillment of the Great Commission at CLC and works with the senior pastor as a key leader at CLC Family.

COULD THIS MINISTRY POSITION BE GOD'S CALL FOR YOU?

Do you love Jesus Christ and want to wholeheartedly put that love for Him into action?

Do you spend time dreaming about what a powerful force fully devoted disciples of Christ can be?

Do you want to lead and champion elevating the place of discipleship so the church can move beyond merely being an attractational place where people just attend, volunteer, give, and make friends?

Do you long for the church to represent Christ well by producing Christ-like, Christ-formed disciples?

Christian Life Center Family is eager, humble, and hungry for intentional pastoral leadership. Our staff and lay leadership are ready to put CLC Family's many assets and gifts to work to that end. We believe that an exciting new narrative for our church is being birthed. Prayerfully consider if this might be the call of God for you and take the next step by beginning a process of discovery with us.
