Church Planters for the Perth Metro Area

Australia, Perth, Longer, Australasia - Pacific Islands

OPPORTUNITY DETAILS

Do you have the leadership skills and passion to serve a community and disciple young Christian leaders? If so, you could make a huge impact as a church planter in the Perth metropolitan area of Western Australia.

This person must be a teaching elder, or willing to be ordained as a teaching elder in either the PCA or our partner denomination "Westminster Presbyterian Church." Church

planting experience is not required, but valuable. An experienced church planter could also be considered for leading a new team for expansion into another city. An important part of this role will be to mentor young apprentices for church planting, with an eye toward moving them outward to plant churches in other cities as well.
