¹The Women's Ministry Council at City Reformed is a body of elected women leaders in our church that oversee various aspects of ministry to women. These include, but are not limited to: teaching, discipleship, counseling, prayer, mercy, hospitality, advocacy, and worship. WMC members undergo a nomination process, year-long training course, examination by Session in denominational standards (Westminster Confession, Shorter & Larger Catechisms), and congregational election. While we affirm the office of elder and deacon to be reserved for men, we uphold the importance of the WMC as an integral part of overall gospel ministry.
