About the Church

Gracepoint North Church is part of the Eastern Pennsylvania Presbytery of the PCA in North Wales, PA, a northern suburb of Philadelphia. It was planted seven years ago and became particularized after three years and transitioned to a new head pastor two years ago. Weekly attendance is about 80 adults with 35 children with a membership of 50 members. The church is growing and needs to prepare for the large number of students coming up from the childrens ministry. We are praying for the Lord's provision of adding to our staff to help us in this stage of growth.
