

## TOP NEED

# Teachers and Administrators for Bilingual Christian School

Chiba, Japan, Longer, Asia - East

## OPPORTUNITY DETAILS

Our Chiba team is searching for administrators and long-term teachers (in all subjects) to work at [Covenant Community School International](#), a growing bilingual and international Christian school with approximately 55 children in grades 1-12. CCSI is located in Chiba, Japan, which is part of the Tokyo Metropolitan area, with around 37 million people.

Since Japan is virtually unreached with the gospel with an evangelical Christian population of less than 0.5%, CCSI is the only Christian school that has Japanese language instruction in the East Tokyo area, serving a critical role for Japanese Christian families and helping to equip and prepare the next generation of Christians. CCSI also plays a key role supporting missionary families, allowing our teams in the East Tokyo region to continue serving by providing a quality education for their children.

If you're gifted in teaching and/or administration, love children, and want to serve in missions, this is a great way to use your training and gifts to help grow Christ's kingdom in Japan. Other ministry opportunities abound through the local churches and established ministries. Please contact us to learn more!
