

**Application for Church Planting Ministry
to Benelux-Brunssum, Netherlands
Ministry to the Military & Internationals
Southeast Alabama Presbytery, PCA**

Description of Organization:

Ministry to the Military & Internationals (MM&I) is a church planting ministry of Southeast Alabama Presbytery (PCA). Our stated mission is to plant Presbyterian and Reformed Churches near U.S. military bases overseas and in major cities around the world where there is a significant number of people conversant in English. This would certainly include the indigenous population. There are approximately 1.8 billion people who speak and write English as their second language.

Job Description:

Plant a PCA Church in Brunssum, Netherlands. The U.S. Army Garrison Benelux-Brunssum provides logistical support to the U.S. and other members of NATO. There are 17 locations that they serve to include the base in Geilenkirchen, Germany. There are 5,000 service members, along with their family members, and Department of Defense employees in and around Brunssum.

Position Qualifications:

The Candidate MM&I calls must be committed fully to the faithful exposition of the Word of God, the biblical administration of the Sacraments, and a man known for his prayer life. He must be flexible and adaptable to living in a foreign country. It can be challenging living overseas. It can also be quite exciting to live in a different culture and to bring the Word of God to those who have been saved by the grace of God already and to those yet to come to saving faith. Our service members and their families are far from home and far from family and churches back home. A strong biblical church would be a blessing for their soul and it will also provide regular opportunities to have fellowship with the people of God. If you believe you could labor in this area to advance His Kingdom, contact me!

Application: Open

Job Type: Full time

Salary Range: TBD
