

Additional Roles Needed in Bulgaria

Europe, Bulgaria, Sofia, Longer

Do you feel called to Bulgaria but don't see a good match? Our growing team is supporting the growth of the Bulgarian church through a wide variety of ministries, and they welcome more people to join them.

Bulgaria has a long history, but modern Bulgaria is one of rapid development. Over the past 20 years, the homogeneity forced upon previous generations by Communist ideology has given way to a new generation of innovators and free thinkers who are eager to talk about culture, philosophy, ideas, and even religion. And Bulgarians are in real need of the gospel, as less than 2% of the population are professing believers who have a true gospel relationship with the

Lord.

One of the legacies of Communism is a church that oftentimes lacks godly, mature leaders. Some of the additional ways new team members could plug in include church planting, mentoring emerging Bulgarian leadership, and developing college student ministry. Contact us to discuss where you might fit.
